Table S1. Bilateral partnerships between the U.S. and Chinese academic institutions to promote clinical and translational sciences.

SUPPLEMENTARY MATERIALS

Table S1. Bilateral partnerships between the U.S. and Chinese academic institutions to promote clinical and translational sciences.

U. S. Partners	Chinese Partners
University of California, San Francisco Clinical and Translational Science Institute	Peking Union Medical College and Union Hospital
Yale Center for Clinical Investigation	Xiangya School of Medicine and its affiliated hospitals
University of Rochester Clinical and Translational Science Institute	Zhejiang University School of Medicine
University of Pittsburgh Clinical and Translational Science Institute	Tsinghua University School of Medicine
The Johns Hopkins School for Clinical and Translational Research	Zhongshan University School of Medicine
Michigan Institute for Clinical and Health Research	Peking University Medical Center and Union Hospital
Harvard Catalyst, Harvard Clinical and Translational Science Center	Jiaotong University School of Medicine; Fudan University Shanghai Medical College
UCLA Clinical and Translational Science Institute	Peking Union Medical College and Union Hospital
University of Nebraska Medical Center	Tongji University School of Medicine
Wake Forest Institute for Regenerative Medicine	Jiangsu Nantong University Regenerative Medicine Institute
Institute for Translational Health Sciences, University of Washington	Zhongshan University School of Medicine
